The Manly-Manado Walk is supporting 50 mothers and babies at a Compassion Child Survival Program in Manado, Indonesia. More than five million children die before their first birthday each year, most from preventable causes. A healthy start to life is one of the greatest gifts you can give to children living in poverty. The Child Survival Program aims to prevent premature death, secure good health and enable positive development in the youngest, most vulnerable children. By walking for these mothers and babies your fundraising support will have a vital and lasting impact on the lives of mothers and their children in Manado.
